

Group Booking Policy

At Shoalhaven Heads Golf Club, we strive to provide an enjoyable golf experience for everyone who attends our course. Being not only a well-regarded course in the district but also a holiday destination, we understand that we have players of all skill abilities on our Course.

Over the years we have grown to be a very busy Golf Course and as such we have had to implement several rules, so that all players can enjoy their experience at our club. Below is a list of those rules. A breach of these rules could result in your group being asked to leave our Course and Club.

Rules for all players:

- Each player must have their own set of golf clubs.
- Each player **MUST** carry and **USE** a sand bucket.
- All players to repair divots, repair pitch marks and rake bunkers after use.
- All players must have closed footwear and be neat and tidy without offensive clothing.
- At no time is there to be more than **4 players** in a group. (Playing Ambrose is not an excuse to play in a group with more than 4 players).
- Golf carts are to be kept on paths where possible and never driven on tee boxes or inside the blue lines around the greens.
- Alcohol may be purchased from the bar; however, in accordance with our liquor licence, no BYO alcohol is to be brought onto the premises.

Following these simple rules will allow all players to enjoy the Course and to keep it in the best possible condition.

I Mobile number..... have read, and agree to, the above conditions and accept any breach of these conditions may result in our group being asked to leave the premises.

Signed.....

Date.....

We have Golf Cart numbers in our group.....

Please enjoy your day
